## **ABOUT MGA**

Founded in 1989, The Minnesota Glass Association is a non-profit trade association that advocates for and promotes member success in the architectural and auto glass industries. Through training and education, we support professionalism and high ethical standards; unifying members to speak as one for safety, our environment and fair competition in a free market.

# OUR MISSION

To develop and maintain a strong and vital organization that improves the image of the industry through promotion of reasonable regulations and adherence to and promotion of ethical business practices.

## FOLLOW US

# WHAT WE DO

The members of MGA are from either auto glass, flat glass or supplier. Your membership includes many benefits:

- We have a lobbyist working for you! Representation at the State Capitol helps create a good business environment for the glass industry in Minnesota. We have been highly successful in our efforts lobbying the legislature, regulatory agencies, and the Governor himself.
- Meetings and events where you can network with others in the industry. We hold several events throughout the year. These events include hands-on glazing and auto glass demonstrations as well as general business topics. Members will get a reduced fee to meetings.
- Discounts on NGA materials and certification. This alone can pay for your membership dues.
- Member pricing for courses on MyGlassClass.com
- Member pricing for OSHA 10 & OSHA 30 online courses
- Up to 50% off most items in the NGA Store
- Free tradeshow pass for GlassBuild America
- Free subscription to Glass Magazine
- plus much more!
